Allowable Subject Matter

1. Claims 1-4 are allowed.
2. The following is an examiner's statement of reasons for allowance: The reasons for allowance are based on the inclusion of strain gage resistors having a pair of center gages disposed at a center portion of the pressure detecting diaphragm along the $\langle 110 \rangle$ crystal axis direction and *a pair of side gages disposed to be near to a peripheral portion of the pressure detecting diaphragm than the center gages so both of the pair of side gages are disposed at a portion of the semiconductor substrate having approximately a same stress distribution.*
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
